

Minimalist LED Pendant Light

Important Notice

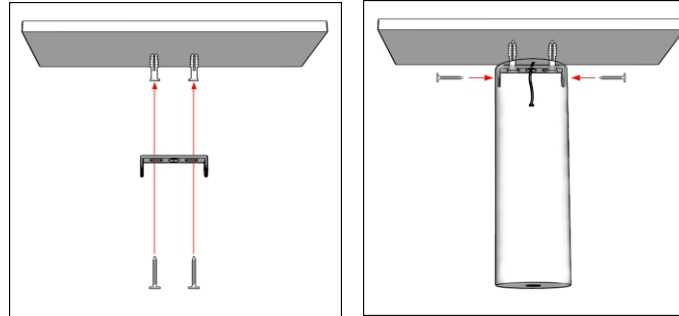

Single-end power supply design

- Only one ceiling base has power wiring (Live / Neutral input).
- The other ceiling base is fixed only, no electricity, no wires.

Packing List

- 1 × LED Linear Lamp Body
- 2 × Ceiling Base (1 Power Base + 1 Fixed Base)
- 2 × Adjustable Steel Wire Rope
- Installation Screws & Expansion Bolts

Step-by-Step Installation

Step 1: Positioning & Fix Ceiling Bases

Mark two points on the ceiling according to the lamp length.

Install two ceiling bases:

- Left / Right one: Power Input Base
- The other one: Fixed Base (No Power)

Step 2: Adjust Suspension Wire Height

Adjustment Instruction

1. To shorten cable:

Push steel wire upward into the gripper, it locks automatically after release.

2. To lengthen cable:

Press the plunger pin on the gripper, pull the steel wire down to desired length, then release plunger to lock.

3. Support the light fixture during adjustment to avoid falling risk.

Step 3: Wiring (Only for Power Base)

Connect:

- L (Live)
- N (Neutral)

No grounding wire required for this lamp.

Step 4: Install Lamp Body & Leveling

Hang both ends of the linear lamp on the two wires.

Tiny adjust height to keep the lamp horizontal.

Power on and test lighting.

Safety Instructions

1. Cut off total power before installation.
2. Indoor use only, prohibit wet environment.
3. Do not modify internal wiring privately.
4. If the light does not work, check the power side wiring first.

Maintenance

- Clean with dry soft cloth only.
- No water washing, no chemical solvent.
- Cut off power before maintenance.
